

BUSTER Soft Collar

BUSTER Soft Collar - Usage

1. Postoperative protection for cats and small dogs.

2. Prevents access to postoperative wounds and area of inflammation.

3. Restricting excessive licking, biting or chewing.

Why to buy?

1 Streamlined assembly and fitting process for veterinarians

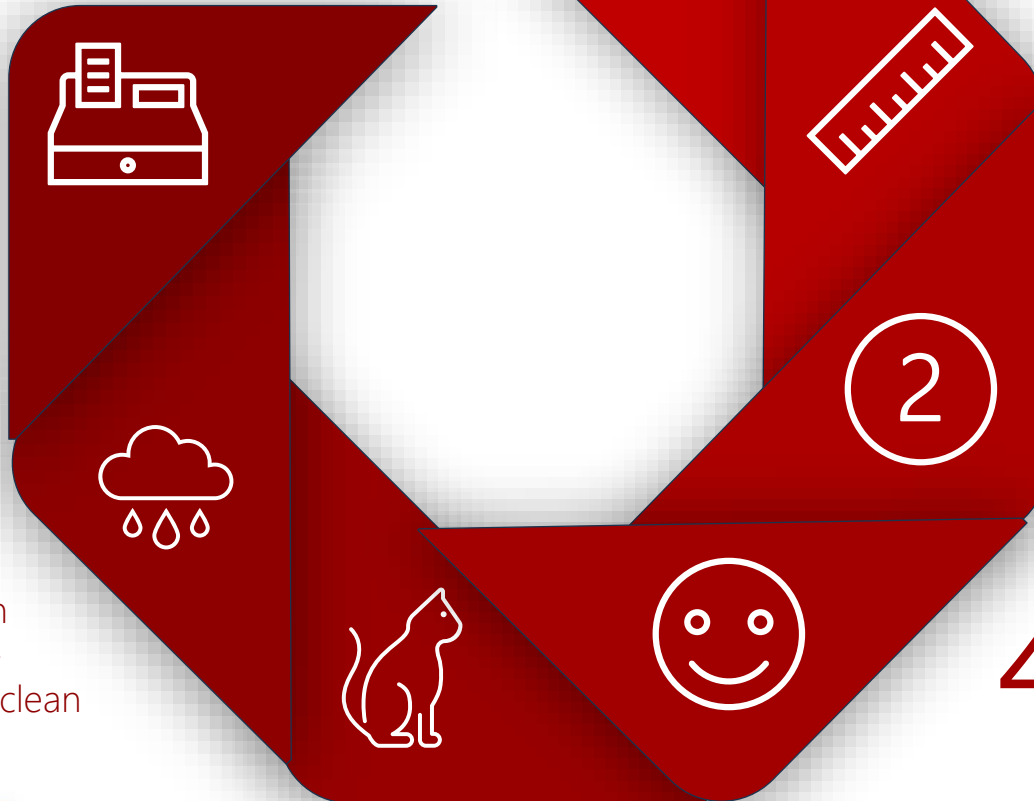

2 Directly fits onto the necks of cats or small dogs – no pre-measurement required

3 Double security closure

4 2-way protection

7 Only 10 collars per bag. Easy to sell - also to smaller clinics

6 Made in a non-woven material that is water-repellent and easy to clean

5 Made in a soft material that provides comfort to the cat or small dogs' neck
